

RHOSSILI COMMUNITY COUNCIL

ATLANTIC ARRAY – PROPOSED OFFSHORE WIND FARM BETWEEN US AND LUNDY

Rhossili Community Council has received a Statement of Community Consultation from RWE npower renewables concerning the Atlantic Array Offshore Wind Farm, a proposed 1,500MW farm in the Bristol Channel, 13km from Lundy and 16km from the Welsh coast. It will comprise up to 417 turbines up to 220 metres high (higher than Lundy) and associated paraphernalia that will be visible from Rhossili, Carmarthen Bay and much of Gower.

Formal public consultation started on 10 September and ends on 10 November 2011. A planning application will be made in autumn 2012.

Public exhibition events in Wales, where everyone can see details and sketches, ask questions, and gather information.

Walk in at any time:
